

## Lineman's Triple Square Double End Wrenches

One Wrench does the work of many!

- Five socket sizes in one wrench  
Square = 3/4" (oversize), 1" & 1-1/8"  
Hex = 9/16" & 3/4"  
(3/4" hex also turns 5/8" square nuts)
- Two handle lengths  
9" & 12"
- Ergonomic handle shape makes the work more comfortable
- Reversing control at both ends
- Twice as strong as a standard ratcheting box wrench
- Fluorescent orange sockets make the wrenches harder to lose, easier to find
- Bolt-thru design lets bolts pass entirely through sockets and arm head so nuts can be secured on any threaded length
