

*Porter-Ferguson's rugged, 2-1/2 ton Pull Ram is the must-have quality ram for every shop.*

# SM0034P 2-1/2 ton Pull Ram

**Porter-Ferguson quality in a versatile, durable pull ram.**

Anywhere you need up to a 2-1/2 ton pull, you can count on Porter-Ferguson to deliver time after time. Our 2-1/2 ton Pull Ram is built for quick and easy set-ups, even in confined areas. It can be used with P-F single chain catches, grab and slip hooks, or any combination, as well as with the P-F jack body toe. You have other 4-ton hydraulics? No problem! The standard 1/4-18 NPTF port allows you to easily replace the P-F quick disconnect coupling with one compatible to your existing set. The tool steel cylinder and piston, special wear guide sleeve and P-F quality ensures a longer life. So this is one Pull Ram you'll be using for years to come. And you can only get it from Porter-Ferguson.
